1700 Center St.  
Mobile, AL 36604

USA Children's & Women's Hospital is one of two hospitals in the USA Health System, and is an integral part of the University of South Alabama. We participate in the University's mission of Service, Education and Research. USA Children's & Women's Hospital is committed to being the health care facility of choice by providing excellent care for children and women's specialties. We invite you to visit our website at [www.usahospitals.org](http://www.usahospitals.org) for more information.

USA Children's & Women's Hospital is the area's regional center for High-Risk Obstetrics, Neonatal Intensive Care and Pediatric Intensive Care. As a regional center, we offer a variety of Perinatal, Pediatric and Leadership continuing education courses. Please review this brochure of continuing education courses available at USA Children's & Women's Hospital during the next three months.

The map above will direct you to USA Children's & Women's Hospital. All classes are held in the Children's & Women's Education Building (CWEB II) located behind the hospital, adjacent to the employee parking area, and directly off Cox Street. The CWEB II Building houses the Atlantis Room and Classrooms A & B. Parking is available directly in front of the CWEB II Building.

**BREASTFEEDING:  
The Wave to Healthy Children**

Contact Hours: 8.4

October 7

0800 - 1630

This class will cover the basics of breastfeeding. Topics include The Science of Breastfeeding, Insufficient Milk Supply, Management of Common Problems, hands on demonstration of breast pumps and supplies. Learn up to date breastfeeding information. This class is a must for maternal/infant nurses.

**Coordinator:** *Janice Baldwin, RNC, MSN, IBCLC*

**OBSTETRICAL SCRUB  
TECHNIQUES  
Course**

October 29

0800 – 1630

This class is primarily for the Labor and Delivery nurse who will need to be able to assist with surgical procedures in their unit. This class will provide information about the instruments and their uses, setting up a surgical table, gowning, gloving, principles of aseptic technique and learning the steps of surgical procedures. This class involves lecture, demonstration and hands-on training using instruments.

**Coordinator:** *Amy Davis, RNC, BSN*

**PEDIATRIC CHEMOTHERAPY  
ADMINISTRATION RENEWAL**

Contact Hours: 8.4

Nov 12

0800 – 1630

This one-day course is for nurses who have previously completed the Chemotherapy Administration Provider Course and are current with annual renewal (formerly called Pediatric Chemotherapy Review). It provides comprehensive review of administration, side effects, toxicity and psychosocial issues related to chemotherapy and will provide information on any new cancer medications as approved for administration to children.

**Coordinator:** *Donna Copeland, RN, MSN*

**BASIC FETAL MONITORING  
COURSE**

Contact Hours: 8.4

Nov 12

0800 – 1630

This course is designed to provide the antepartum and intrapartum nurse with a theoretical foundation of electronic fetal monitoring. Course topics include physiology, pathophysiology, fetal tracing interpretation, nursing interventions, documentation and legal issues.

**Coordinator:** *Amy Davis, RNC, BSN*

**AWHONN 2 DAY  
INTERMEDIATE FETAL  
MONITORING COURSE**
